

# Caring for Our Animal Friends Every Day

Animals are our friends. They need love and care every day.

My cat needs food and water to stay healthy.

I can help by filling the cat's bowl with fresh food and water.

Cats like gentle touches. I can pet my cat softly.

If my cat is sleeping, I let it rest quietly.

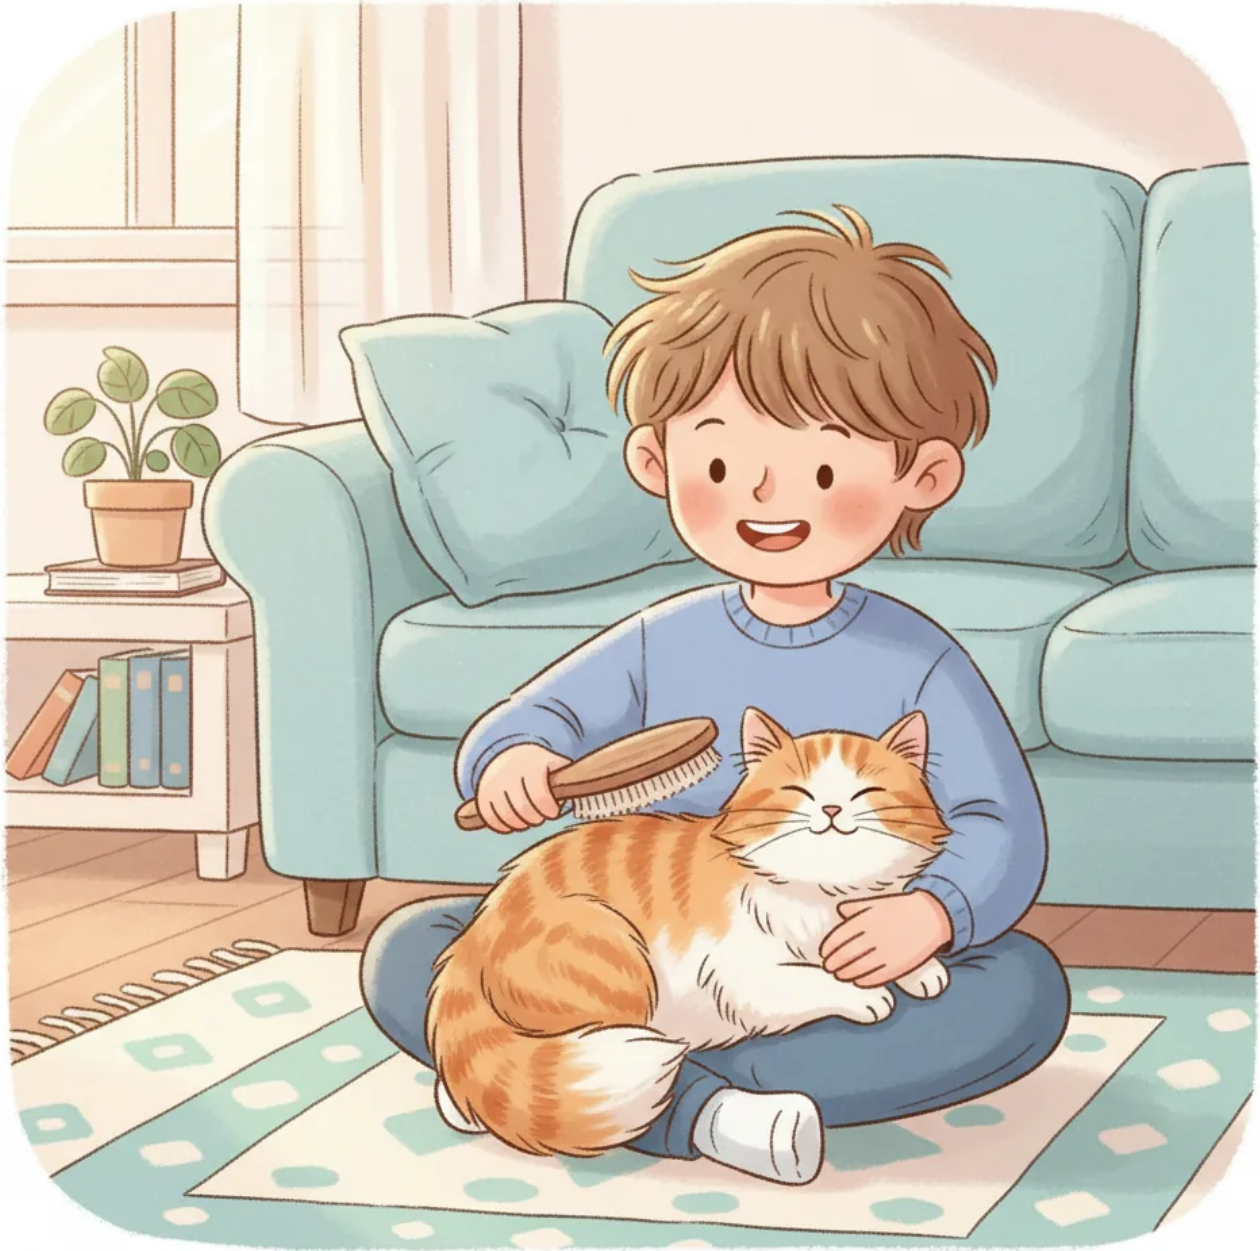

Sometimes, my cat likes to play with toys. I can play with it gently.

I can brush my cat's fur to keep it clean and soft.

My cat goes to the vet for check-ups,  
just like I visit the doctor.

Taking care of my cat helps me feel responsible and caring.

If my cat feels scared, I give it space  
and speak softly.

Cats also need love, so I can give cuddles if my cat likes them.

Playing with my cat makes us both happy.

When I care for my cat, it feels safe and loved.

My cat is my friend, and I am a good pet owner.

Cats are loving and gentle pets when we treat them kindly.

Caring for my cat makes me feel proud and happy.
