

---

**Today was my first day at school. I felt a mix of excitement and nervousness**

---

**Mom gave me a big hug before I went inside. It made me feel braver**

**My teacher, Mr. Lee, greeted me with a warm smile**

**There were lots of other kids. Some were playing, some were quiet like me**

**I found a spot at a table with colorful pencils and paper**

**During recess, I watched others play and then joined a game of tag**

**For lunch, I sat with a new friend who likes dinosaurs just like me**

**In the afternoon, we listened to a story and then drew pictures about it**

---

**When I felt overwhelmed, I remembered Mom's hug and felt better**

---

**After school, I told Mom and Dad about my day and how much I learned**

---

**I felt tired but happy. I can't wait to go back tomorrow**

---

**I learned that new experiences can be fun and that it's okay to feel a little scared at first**
