

---

**Every summer, I visit my grandparents at their house in the countryside**

---

**Grandma always bakes my favorite cookies when I arrive**

---

**Grandpa teaches me how to garden. I love planting flowers with him**

---

**In the evenings, Grandma tells stories of her childhood, which are very interesting**

**I help Grandpa with small tasks around the house, like feeding the birds**

**Grandma teaches me how to cook simple meals. It's fun and messy!**

**We go on walks where  
Grandpa shows me different  
types of trees and birds**

**Sometimes, we have picnics  
by the lake and watch the  
ducks**

---

**At night, I fall asleep listening to the peaceful sounds of nature**

---

**I feel happy and calm when I am with my grandparents**

Every visit, I learn something new and feel the love of my grandparents

I learned that time with grandparents is precious and full of love and wisdom
